Dedication

Dear Mr. Kenney:
You remained dedicated to our school for so many years, first as a teacher, and then as the principal of the middle-school and the high school. You were always warm, friendly, and kind to us and we will never forget all you've done. We are all very grateful to you.

These past four years of high school have gone by so quickly, and every minute has been amazing. We have all been so close and united as a class since elementary and middle school! It's hard to believe that graduation is only a few months away!

It seems like just yesterday we were freshmen: worrying about getting lost, intimidated by upperclassmen, and complaining about the length of classes and amount of homework. We had a great start to our freshmen year by tying the seniors for the Booster Day float-making competition! The theme was "cereals" and we chose Frosted Flakes. We showed our class spirit by cheering behind our float and supporting our Knight, Dan Skarzynski, and Lady in Waiting, Katherine Kuklewwicz. We couldn't have been so successful without our advisors, Mr. Ashworth and Mrs. Fowler. We also started our annual fundraisers such as Santa's Breakfast, which was a success and continued to be throughout high school.

Our sophomore year was also a great success. For Booster Day, the theme was "fairytales" and we all agreed on Hansel and Gretel. Although we didn't win, we developed a competition with the Class of 2012 and gained motivation to win the next year. We had fun making our float with our advisor, Mr. Ashworth, and cheering on our Duke and Duchess, Andy Turban and Kelli Humphrey. The Class of 2011 continued to be united and spirited.

During our junior year, we accomplished even more and started to focus more on our futures. Many started taking Advanced Placement classes, took the SAT test for the first time, and started the college process. Twenty students from our class were accepted into the George F. Wrightson Chapter of the National Honor Society, doubling the number of students in the group. In the beginning of the year, Mr. Ashworth became the Student Council advisor, leaving us with new advisors, Mrs. Prasol and Mrs. West, who we greatly appreciate! They have helped us and supported us throughout the past two years. Although we became more serious with our work and future, we also were able to have fun together! Student Council decided on board games for the Booster Day theme and we voted on Monopoly, which led us to a win! We also voted on our court, and Taylor Varilly was our Princess while Kenny Rounds was our Prince. Toward the end of the year, we started to plan the prom for the seniors and held it at the Delaney House. It was a great success and everyone enjoyed it! Most of us also started planning for college and our futures, knowing that senior year would be our last year to enjoy high school!

Now, it's our senior year and we've all come so far! We are all making plans for our life after high school and making many important decisions. We are all so excited to graduate, but we also want to enjoy our last year of high school! We finally get senior privileges, although there are only a few, like sitting outside for lunch, not having to make up snow days, getting out of school in May, and front row parking! Our final year of high school started out with Spirit Week and Booster Day. The theme for the float making competition was landmarks and our choice of the Egyptian pyramids gave us our second win! We celebrated our success along with our King, Jack Hubert, and Queen, Nicole Fuller. We are also in the process of planning our class trip to Disney World in May and many of us have been participating in fund raising for the trip such as U. Mass. concessions. We'll be enjoying our senior year for the next few months including our senior prom, graduation, class trip, and more! Soon, we will be rehearsing for Awards Night and graduation. Before we know it, we will all be in the gym in our blue and white caps and gowns, walking across the stage receiving our diplomas!

I can't believe we're already seniors in high school! High school will be known as the best years of our lives and we will all look back and remember the good times we've had! Let's enjoy these last few months of our senior year! We've all come so far and accomplished so much and our successes have only started!

The Class of 2012

As our class entered their 2nd half of high school, much of the student government was replaced by new candidates. At first, developing ways for a new group of officers to work among themselves and the class proved to be a challenge. Float making and other events in the fall made this task greater when attempting to unify the class. Yet despite these problems, those involved in float making had a great time. For three weeks much of the class had fun while building our fabulous Hollywood sign. We were also glad to recognize our royalty, Sam Caouette and Shawna Williams. As the excitement of booster day passed, the class turned more of its attention to our skeleton crew fundraiser. During the cold nights of October, Corey Basset, Topher Gordan, and Seth Lemieux worked as puppets on Mr. Chappel's impressive Halloween show. All the while, other class members endured the cold nights serving warm cider and sweet snacks. As we all know, our junior year journey is far from over and many tasks remain. None the less, we can all welcome our conflicts and challenges as a step closer to all of our maturity and certainly a step closer to our long awaited prom and graduation.

Sophomores Class of 2013

Sophomores
Class of 2013:

This year started out great! As sophomores we were already familiar with high school and were ready to start the year. When Booster day arrived, we marched proudly with our float. The Theme was Landmarks, and as a class we chose to build the Empire State Building. Unfortunately our float didn't win, but now we have two years of float building experience, and we're ready to win next year. This year our Duke was Christian Sawicki and our Duchess was Kim Rau. Not long after Booster day we were taking PSAT's, making sure we have enough practice before senior year. This year we had the first ever Spring Fever Dance in addition to the Snowball dance we have every year. It was a fun event to get the school motivated for spring weather after all the snow we had this winter. To fund our class trip and prom next year we sold mums, Subway coupon booklets, and for Mother's day we sold hanging plants. The year went by fast and now we're looking forward to summer 2011.Before we know it, we'll be juniors and will be making important decisions for our future in college.

Class of 2014
History of 2010-2011

Float Making-The theme this year was famous landmarks of the world so we decided that our float would be the Eiffel Tower. For two weeks, our class worked very hard (and very well together) to complete our Eiffel Tower float. On the morning of the parade, our class met on the other side of the park, placing the finishing touches on our float.

Booster Day Parade-Many of our classmates marched behind our float and cheered loudly along the way. Unfortunately, our float did not win first place, but we all felt that is was one of the best floats.

Booster Day Game-Even though, after the parade, our football team lost 22-6 to the Franklin County Tech School, it was still a great day to be together with our class.

Turkey Day Game-This year's Turkey Day Game was held at Greenfield High School. Our team played a great game and was very competitive right to the end…unfortunately our team lost 28-14.

Snowball-Our annual Snowball dance was held at Thomas' Memorial Golf Course. Many of our classmates attended, and we all had a really great time at our first Snowball. The night was filled with really cool music and a few surprises. For example, on more than one occasion a conga line formed, took over the entire dance floor, and included some of our classmates.

Spring Dance-Our spring dance this year was held in March. Again, as with the Snowball, many of our classmates attended. And of course,conga lines mysteriously formed on many occasions.

Fundraisers- We also held two fundraisers this year. The first one involved ourclassmates selling a variety of coffee and tea. Our other fundraiser was selling pizza. Both of these fundraisers were very successfull.

Kelsey Waldron

Amid all the excitement of graduation and the uncertainty of the future, remember everything you've accomplished so far. You've come a long way, through hardships and craziness and everything else, and I'm so very proud of you for that. And if the unknown future seems scary, just remember the time I made you sit on the roof waiting for the magic bird to whisk you off to Disneyland. Or the time I told you that you couldn't go swimming because it was monster season. Really, after growing up as my sister, everything else should be a walk in the monster-less park. Congratulation Kels,
Love Always, Jared.

To our Kelsey Elizabeth:
We are so proud of you and your accomplishments. Now a new chapter of your life is before you. Stay true to yourself and what you believe in. Always remember that you are very loved. And we will always be here for you no matter where life should take you.

Brandon Ambo

Brandon,
We can't believe our youngest is graduating already, boy does the time fly. All through your years growing up you were so shy didn't say boo to anyone and in your junior year of high school, look out, you became a social butterfly. We are so proud of your accomplishments in your academics and your participation in sports. We would all hear all the time, "soccer." You don't have a soccer body, you have a football body. You finally played for a season before graduating and we know you loved it. Grampy Togneri would be so proud of you that you finally played football, he's been watching over you the whole time with a big grin on his face. Congratulations on your graduation and we know that you will step right into your father's footsteps and become the firefighter you've been talking about.
Love Always,

Taylor, Big Sister,
From the days when we were little, I wanted to dress the same way as you and act the way you did, to the days when you're driving me to school, yelling at me because I'm running late, you've always been my role model. You showed me how to get through middle school, high school, and now you're going to show me how to get through college. Good luck in the real world big sis, I know you'll do great. Don't forget; life is a runaway train and you can't wait to jump on, get out there and shake what your mama gave ya!
